

T327 Combi-Box™

The Simport Combi-Box™ can be used not only as a storage rack but also as a workstation. The white base will accept all 96 and 384 well plates and an easy to remove transparent cover allows easy viewing of the content. Being only 40mm high, the stackable Combi-Box™ saves space on the lab bench and on refrigerator or freezer shelves.

For single tubes as well as strips, use the Combi-Rack™ (T327-1) which can hold up to 96 tubes or 12 strips of 8.

	code	colour	units
Combi-Box™	T327	White base	5

- 1 Transparent cover for easy viewing of contents
- 2 Boxes are stackable for space saving
- 3 Plate can easily be inserted and removed
- 4 Alphanumeric identification of each position
- 5 Can accept single tubes, strips and plates up to 96 wells
- 6 Stackable

Will accept any PCR plate

T327-1 Combi-Rack™

Made of polypropylene

The Simport Combi-Rack™ is an innovative support that can hold up to 96 PCR tubes or 12 strips of 8 tubes with caps. Each hole is identified with an alphanumeric numbering system for identifying tubes. The grid stands on 4 legs and can be placed on a lab counter or in a refrigerator or freezer shelf. Made of polypropylene, it can easily withstand temperatures from -80°C to +121°C. It is also ideal for carrying and storing, freezing and transporting reagents and specimens.

For storage, simply place the Combi-Rack™ in the T327 Combi-Box™ and replace transparent cover.

T328-96 PCRack™

Made of polypropylene

This convenient space saving rack was designed especially for storing and working with PCR samples. The PCRack™ will accept all models of 0.2ml tubes, along with strips of 8 or 12 tubes. 96 well PCR plates can also be accommodated.

The PCRack™ consists of a base and a cover. Both are made of extra strong polypropylene to resist a wide range of chemicals at temperatures from -90°C to +121°C. Samples are easily identified with the PCRack™ alphanumeric configuration, indexed from A to H vertically and 1 to 12 horizontally. The transparent cover also has easy to read numbers and letters for secure identification of contents.

The PCRack™ can be horizontally attached to each other in order to build up any configuration you desire. With the cover on, they are easily stackable one on top of another. Thanks to these special features, efficiency is highly improved allowing you to carry a multitude of tubes and/or strips at the same time. Autoclavable.

Available in 6 very attractive colours.
